About TESOL-SPAIN

WHO WE ARE AND WHAT WE OFFER:

TESOL-SPAIN was founded in 1977 as a small, independent, non-profit making Spanish association of English language teachers. Today it is a nation-wide organization with a membership that represents all sectors and regions of English language teaching in the country.

The organization provides a forum for colleagues to meet and share ideas and discuss professional issues. We aim to keep our membership abreast of current concerns with the goal of improving the quality and effectiveness of language education at regional and national level in Spain.

TESOL-SPAIN is an associate member of two international teacher associations - TESOL Inc in the USA and IATEFL in the UK. We also maintain links with regional language associations in Spain and other EFL associations abroad. Through our regional structure, **TESOL-SPAIN** organises workshops and other events in different parts of the country throughout the academic year.

The **TESOL-SPAIN** Newsletter, published 3 times a year, keeps members informed about the latest trends and news in the field. It contains articles on practice and theory, book reviews, information about events and much more.

FAQs ABOUT THE CONVENTION:

WHEN IS IT?

The convention will take place on **March 12-14, 2010** (Friday, Saturday and Sunday).

WHAT IS THE THEME?

This year's convention theme focuses on the concept of new competences in the EFL classroom. Within such a dynamic and ever-changing world, where mobility is a must and cultural diversity a reality, it becomes increasingly important to foster global competence in English, thus enabling the learner to successfully build bridges between these emerging realities. The implementation of competence-based approaches in English language education goes beyond the promotion of communicative competence to include a wider array of personal, intercultural, professional as well as linguistic competences that will help individuals cope with their most immediate surroundings as new circumstances and challenges emerge time and time again. We welcome presentations which deal with the concepts of new competences and building bridges as well as those which will

be of wide general interest for language teachers working in different teaching sectors and with students of all ages.

WHAT'S ON OFFER?

The Convention offers participants a wide range of presentations by national and international speakers including plenary and keynote presentations, papers, workshops, round tables and product presentations.
