DELILE, at Pint of Science 2024

Scientific-dissemination festival

On **May 13, 14 and 15, 2024**, the scientific-dissemination festival **Pint of Science** [<https://pintofscience.es/events/Lleida>] will be held at the Legend Pub in Lleida, at 7:00 p.m.

This is a festival whose objective is to present the research carried out in our universities and bring it closer to the general public, in a relaxed atmosphere and with simple language. This year the **Department of Foreign Languages and Literatures** participates in it with the talk “Get immersed into the interactive map of the languages of Lleida”, given by professor **Maria Sabaté Dalmou** (@DalmouSabate).
