This month the play *Solitud a Stromboli*, a piece that Núria Casado Gual wrote for a co-productions with Teatre Nacional de Catalunya and which had its opening in 2020 in the "Epicentre Pioneres" programme, has been published by the Universitat de Lleida's 'Theatre Series'. The playtext, which has toured all over Catalonia and the Balearic Islands since its première, and which will have its forthcoming shows again in Barcelona in June this year, can be found in the university's bookshop as well as in the catalogue of other bookshops and of the UdL's University Press' webpage.
